

"Pound for pound this is the best investment"

"For me a JTL apprentice is paid for training and hassle free"

## Growing you business with JTL

To keep your business growing profitably you need a highly motivated workforce. Training an apprentice with **JTL** is the most effective way of making sure you have one.

- As the leading training provider in the sector, we are currently training over 670 apprentices in the East of England. During the course of last year **JTL** provided companies in the region with 100 fully qualified tradespeople.

- Supported by our dedicated team of highly qualified and experienced, trade-specific Training Officers and working in partnership with key local training centres, we deliver qualified apprentices who have the skills that you need. Unlike other training providers, our courses have been tailor-made to suit your specific business needs.

- **ALL** off site training costs and assessments will be paid for by **JTL**.
- You will have a trade-specific Training Officer who will organise **everything** for you.
- Your apprentice will receive the **highest quality training** in a way that best suits your business.

Watch the films to find out what other employers think of what we do.

To grow your business now, simply:-

Call - 0800 085 2308
